SUBJECT: City's Transportation Plan

Purpose

Approval of Resolution 64-21 adopting the Owatonna 2040 Transportation Plan.

Background:

Currently the City does not have an adopted Transportation Plan. The Owatonna 2040 Transportation Plan translates identified issues and opportunities into specific and actionable strategies. The Plan elements were created in coordination with other city and county efforts and those of other key study partners, cities, townships, and the Minnesota Department of Transportation (MnDOT). The Plan includes key elements such as:

- Assessment of existing conditions and identification of issues and opportunities.
- Establishment of long-term goals, objectives, and performance measures.
- Preparation of 20-year traffic forecasts.
- Completion of a future system planning analysis that proposes roadway improvements, classification changes, and multimodal improvements, as part of a 20+ year transportation system.
- Preparation of Plan implementation strategies and funding opportunities to advance recommended system improvements.
- Recommendation of appropriate access control guidelines.

Budget Impact:

The cost for development of the plan was \$76,100 of which the school district paid \$19,604 resulting in a net cost to the City of \$56,496.

Staff Recommendation:

Staff recommends approval of Resolution 64-21.
